CREATIVE CHALLENGE DESIGN A NEW TROPHY

Tony Adams won 10 major trophies in his Arsenal career. Imagine you have the chance to **design a new trophy** for a brand new cup competition! Lots of trophies in football are traditional and old-fashioned. We want you to design a **modern trophy** full of tech!

PRO TIPS

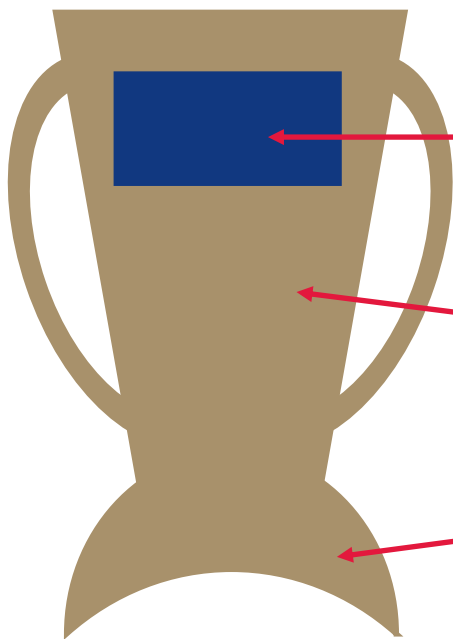

IMAGINATIVE – Make it different to any trophy that exists.

ADD DETAILS – Label and explain the features of the trophy. Include size, materials, facts and how it works.

FUN – It doesn't have to be realistic. You can add anything you like: screens, robots, ice-cream machines, etc.

MY TROPHY DESIGN

Screen showing highlights of last year's Cup Final

GPS tracking for security

Trophy carved out of a meteorite from outer space!

You could use this design as an example.

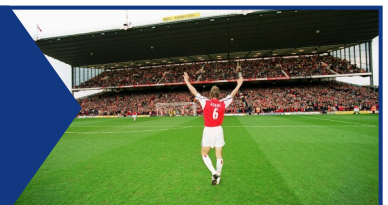

Remember to make your trophy as different and memorable as you can.

SHARE YOUR FINISHED TROPHY ON TWITTER! Ask an adult to share a photo of your trophy using **#AFCHomeLearning**. We'll retweet our favourites!

EXTRA TIME

Could you **build your trophy** design using **junk** from around your home? Why not work together with the people you live with!
