CREATIVE CHALLENGE DRAW THE SECOND HALF

Complete this portrait of Lisa Evans. Use the **Pro Tips** to help you. If you **don't** have a printer you can use a poster or photo of a player. Place a plain piece of paper over half the face and draw the other half!

PRO TIPS

LOOK – Spend more time looking at what you are drawing than at the drawing itself. Think about proportion, how big is the eye compared to the nose? Etc.

SLOW DOWN – There is no rush with drawing. Carefully consider the next mark you will make with your pencil.

BE DECISIVE – Once you've thought about your next mark be confident with it. Remember, there's no right or wrong with art.
