

A word cloud visualization of names, where the size of each name represents its frequency in the dataset. The names are arranged in a dense, overlapping pattern, with larger names being more prominent. The names are primarily male and appear to be of various ethnicities. The most prominent names include Paul Walter, Richard Berry, Paultie Bogaers, Pete Stow, Paul Surgenor, Peter Doherty, and Philip Thorne. Other notable names include Ronald Reed, Steve McDonald, Philip Mason MBE, and Tony Kempson. The background is a solid light gray.
