Safeguarding Adults at Risk
Policy & Procedures

Principles
The Arsenal Football Club Plc ("the club") is committed to safeguarding and protecting adults at risk and fully accepts its responsibility for the safety and welfare of all adults at risk who engage with the club. Simple flowcharts on how to respond to a safeguarding concern and what constitutes abuse and neglect can be found in Appendices 1, 2, 3 and 4.

The welfare of adults at risk is of paramount importance and all adults at risk have a right to be protected from abuse regardless of their gender, race, disability, sexual orientation, religion, belief or age. Through the application of policy, procedures and best practice, the club promotes the safety, welfare and well-being of all adults at risk enabling them to participate in any club activity in an enjoyable, safe and inclusive environment. This equally applies to the safety and security of those working with and who are responsible for the activities involving adults at risk.

Employees, workers, consultants, agency staff and volunteers who come into contact with adults at risk in club related activities should be positive role models and display high moral and ethical standards in line with the club’s vision and values.

This Policy and Procedures are approved by Islington Safeguarding Adults Unit and is compliant with legislation including but not limited to the Care Act 2014, statutory guidance, regional policies such as the London Multi-Agency Safeguarding Adults Policy and Procedures (2015) and governing body rules and regulations including the FA Premier League Rules and FA Rules. This Policy and Procedure should be read in conjunction with related club policies and procedures, a list of which are available in Appendix 5.

Definition of an Adult at Risk
An adult at risk is defined as someone who is aged 18 or over and:

- Has needs for care and support (whether or not the local authority is meeting any of those needs);
- Is experiencing, or is at risk of, abuse or neglect, and;
- As a result of those needs is unable to protect himself or herself against the abuse or neglect or the risk of it

Care Act 2014, Section 14.2

Safeguarding adults at risk is defined as:

- Protecting their rights to live in safety and to be free from abuse and neglect;
- People and organisations working together to prevent the risk of abuse or neglect, and to stop these from happening.

Care and Support Statutory Guidance 2014, Chapter 14

Recruitment and Disclosure
As part of the club’s recruitment and selection process, offers of work for positions which come into contact with adults at risk are subject to a satisfactory self-declaration and a criminal record check (CRC) as relevant, CV checks, appropriate references, right to work in the UK checks and a qualification check, if applicable. All offers of work are subject to a satisfactory outcome to the rigorous screening process and until such time that all background checks are deemed as acceptable by the club, the person concerned is not permitted to commence work.

All employees, workers, consultants, agency staff and volunteers in a position of trust are required to undergo regular CRC disclosure clearances, normally every three years or earlier if required.

Should any person’s CRC reveal any cautions, convictions, community resolutions, warnings or final reprimands the club will consider whether the nature of the offence/offences renders the person concerned unsuitable for working with adults at risk. In such circumstances, when the nature of any disclosure has to be considered, a risk assessment is carried out to evaluate the information contained within the disclosure certificate. The person may also be required to attend a risk assessment meeting with a Departmental

Scope
This Policy is for use across the club and is to be observed by all those working and coming into contact with adults at risk to ensure best practice in safeguarding is promoted and adhered to.

Activities undertaken at the following locations/departments are under the remit of this policy including:

- Arsenal in the Community;
- Arsenal First Team and Youth Academy training ground (London Colney);
- Arsenal Ladies Football Club;
- Emirates Stadium;
- Arsenal Retail Stores (including The Armoury, Highbury House and Finsbury Park);
- Stadium tours, Museum tours, Stewarding and all other activities on matchdays and roles that comes into contact with adults at risk;
- Travel, Events and Supporter Liaison;
- Youth Development (Hale End).

Policy & Procedures

Safeguarding Officer (DSO) and/or a member of the club’s Safeguarding Team prior to a recruitment decision being made.

Further information can be found in the club’s Recruitment Policy and Safer Recruitment Guidance available on the club’s intranet.

All new employees, workers, consultants, agency staff and volunteers working with adults at risk at the club are required to complete a self-declaration on commencement of duties.

When the club uses suppliers or agencies to undertake its work, they are be subject to rigorous vetting and safeguarding checks and required to adhere to the club’s policy and procedures as set out in their contracts or service level agreements where relevant.

**Induction and training**
During the induction process, employees who work with or come into contact with adults at risk are required to attend the club’s safeguarding and protection training along with the Premier League safer working practice training. Employees also receive a copy of this Policy and Procedures as well as other club policies and are required to sign an acknowledgement that they have read and agree to abide by them.

Workers, consultants, agency staff and volunteers who have roles that work with or come into contact with adults at risk will undertake both club and Premier League training. They also receive copies of the club’s Safeguarding Policies and Procedures and are expected to read and abide by them as set out in their Agreements.

Refresher safeguarding training is provided every three years or earlier as required.

**Roles and responsibilities**
The club has a comprehensive safeguarding structure which ensures the safety and welfare of all adults at risk who interact with the club. For the purpose of this Policy and Procedure the Safeguarding Team consists of; the Head of Safeguarding, Safeguarding Coordinator and Safeguarding Administrator.

**Chief Executive Officer** is responsible for all aspects of the club and to ensure safeguarding is a key priority at Board Level.

**People Director** is responsible for providing club-wide strategic leadership that assists the club to deliver the safeguarding strategy, vision, values, priorities, policies, promoting the welfare of vulnerable groups, communicating at Director and Heads of Department level.

**Head of Safeguarding** is responsible for the strategic and operational direction and embedding safeguarding across the club. The Head of Safeguarding is also lead point of contact should safeguarding concerns arise and the Lead Disclosure Officer.

**Safeguarding Coordinator** is responsible for all operational aspects and embedding safeguarding in all of the football related areas as well as being the lead point of contact in all those areas.

**Safeguarding Administrator** is responsible for ensuring all vetting checks including criminal record checks adhere to the club’s Recruitment Policy as well as legislation and governing body rules.
Safeguarding Vulnerable Adults
Policy & Procedures

Departmental Safeguarding Officers (DSO) are responsible for embedding safeguarding within their own departments as well as being the point of contact should a concern arise within their own departments.

Employees, workers, agency staff, consultants and volunteers are responsible for familiarising themselves with the club’s policy and procedures, ensuring the safety and welfare of all adults at risk as well as promoting best practice and creating a safe and inclusive environment to prevent harm occurring through awareness of what constitutes abuse and neglect.

Abuse and neglect
There are 10 recognised categories of abuse under the Care Act 2014:

1. Neglect and acts of omission;
2. Sexual abuse;
3. Physical abuse;
4. Psychological/emotional abuse;
5. Discriminatory abuse which includes hate crime;
6. Financial or material abuse;
7. Organisational abuse;
8. Domestic violence when the victim is an adult at risk;
9. Modern slavery; and
10. Self-neglect which includes hoarding.

Full descriptions of each category of abuse and neglect can be found in Appendix 4.

Adults at risk may be at additional risk of abuse and neglect through some of the additional vulnerabilities they may face.

Additional vulnerabilities
Some adults at risk may have additional vulnerabilities and therefore when coming into contact with the club, further safeguards may need to be put in place to reduce the potential risk of abuse and neglect.

Online world
Although the online world provides many benefits to adults at risk, there are also a number of potential associated risks:

- Inappropriate language or images;
- Online grooming;
- Cyberbullying; and
- Sexting.

Further information about the online risks is contained in the club’s Safeguarding Social Media Policy and Procedure which can be accessed on the club’s intranet.

Radicalisation and extremism
Radicalisation and extremism of adults at risk is a form of psychological/emotional abuse. HM Government states that the aim of radicalisation is to attract people to a particular extremist ideology. In many cases it is with a view to inspiring an adult at risk to eventually become involved with harmful or terrorist activities. Radicalisation can take place through direct personal contact, or indirectly through social media. Extremism is defined as vocal or active opposition to fundamental British values including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. The club aims to prevent radicalisation and extremism through training and educating adults at risk in activities undertaken with the club.

Use of photography and film
All images are taken by club photographers who have been briefed by a club DSO or by a member of the Communications and Marketing Department responsible for the activity being photographed or filmed in an appropriate way and manner. Before taking images of adults at risk, the adult at risk or if they do not have capacity, his/her carers consent is sought in writing at the start of the season or prior to an event. In line with the Mental Capacity Act (2005), the club will always ensure the best interests of the adult at risk and least restrictive option is considered which may include the adult at risk not being photographed or filmed in club activities.

Good practice and code of conduct
To ensure adults at risk have the most positive and safe experience when engaging with the club, all employees, workers, consultants, agency staff and volunteers should adhere to the following principles and action (to ensure they role model positive behaviours and so reduce the risk of potential allegations, abuse and neglect occurring):

- Listen carefully to adults at risk about his/her needs, wishes, ideas and concerns and take them seriously;
- Treat all adults at risk equally not showing favouritism;
- Always work in an open environment (e.g. avoiding private or unobserved situations and encouraging open communication with no secrets);
- Make the experience of the activity fun and enjoyable;
- Promote fairness, confront and deal with bullying;
- Maintain a safe and appropriate distance with adults at risk and avoid unnecessary physical contact;
- Where any form of manual/physical support is required it should be provided openly and with the consent of the adult at risk;
Safeguarding Vulnerable Adults
Policy & Procedures

- If adults at risk have to be supervised in changing rooms always ensure coaches etc. work in pairs;
- Request written consent if the club are required to transport adults at risk using the club’s Multi-Use Consent Form (Appendix 6) for any significant travel arrangements e.g. overnight stays;
- Coaches maintain their qualifications and professional development;
- A qualified first aider is in attendance or readily available;
- Maintain appropriate professional relationships with adults at risk, including only engaging with adults at risk online with prior approval and through the club’s social media channels;
- On tours, ensure that adults should not enter an adult at risk’s room unless there is a safety concern, in which case two adults should enter and also should not invite adults at risk into their rooms;
- Be a good role model, this includes not swearing, smoking or drinking alcohol in the company of adults at risk;
- Always give enthusiastic and constructive feedback rather than negative criticism;
- Promote the club’s vision and values and be an ambassador for those values;
- Ensure adults at risk adhere to his/her relevant Code of Conduct;
- Secure written consent for the club to administer emergency first aid or other medical treatment if the need arises;
- Reward effort as well as performance;
- Challenge unacceptable or inappropriate behaviour;
- Encourage adults at risk to take responsibility for their own behaviour and performance;
- Keep a written record of any incident or injury that occurs, along with details of any treatment given or action taken using the club’s Accident and Incident Report Form (Appendix 7);
- Recording safeguarding concerns on the Safeguarding Concern Form (Appendix 8).

This list is not exhaustive.

Unacceptable practice

The following are regarded as poor practice and should be avoided by all employees, workers, consultants, agency staff and volunteers:

- Unnecessarily spending excessive amounts of time individually with an adult at risk away from others;
- Taking adults at risk alone in a car journey unless a club pool car is used and written consent is sought from the club’s Safeguarding Team for emergency situations;
- Sharing a room with an adult at risk;
- Engaging in rough, physical or sexually provocative games, including horseplay;
- Allowing or engaging in inappropriate touching of any form;
- Allowing adults at risk to use inappropriate language unchallenged;
- Making sexually suggestive comments to an adult at risk, even in fun;
- Reducing an adult at risk to tears as a form of control;
- Allowing allegations made by an adult at risk to go unchallenged, unrecorded or not acted upon;
- Doing things of a personal nature that the adult at risk can do for themselves;
- Not recording safeguarding concerns on the Safeguarding Concern Form (SCF);
- Having adults at risk engaged with the club as ‘friends’ or ‘followers’ within social networking sites such as Facebook, Twitter and Instagram;
- Sending inappropriate text messages or social media messages to adults at risk;
- Engaging with adults at risk on ‘one to one’ personal electronic communications.

This list is not exhaustive.

Searching adults at risk

To ensure the safety and security for all club activities all adults at risk may be subject to the club’s search process. Adults at risk are asked to self-search as the preferred method; however should the club suspect that the adult at risk may be concealing a prohibited item, consent will be sought from the adult at risk and/or their carer before a Steward or Security member of the same sex being observed by a Supervisor searches the adult at risk.

Risk assessments

For all club activities including, trips, tours, events and activities, thorough risk assessments are completed to identify and minimise potential risks. The club’s Health and Safety Policy outlines the process to undertake when completing risk assessments as well as how to capture information regarding accidents and incidents and how the club learns from such matters.
Safeguarding Vulnerable Adults
Policy & Procedures

Where an adult at risk is involved in a trip, activity or event, a risk assessment must take account of his/her particular vulnerabilities whilst in the club’s care. The risk assessment should set out what arrangements are in place for his/her care and supervision and how risks will be minimised. Activity leaders will be required to continually update risk assessments whilst leading such activities.

Supervision of adults at risk
The club adheres to best practise guidance from the local authority in relation to the supervision of club employees or workers to adults at risk. Generally, there should always be a minimum of two club employees or workers and ratio of:

- One club employee or worker to every ten adults at risk.

Particular activities may require more or less club employees or workers to adult at risk ratios due to:

- Needs and capacity of the adults at risk;
- Nature of the activity and environment;
- Risk assessments or intelligence information identifying potential behavioural or other issues;
- Expertise and experience of the staff involved;
- Mixed gender adult at risk activities will require adults of both genders to supervise where possible.

Should the ratio not be suitable, the club’s Safeguarding and Health and Safety Managers make a decision whether the activity or event takes place.

Working with external partners
The club always ensures external partners and organisations we engage with promote the safety and welfare of adults at risk and this is outlined in contracts and/or service level agreements. External partners and organisations are required to demonstrate competencies in safeguarding and the club assesses this through its own safeguarding audits. Where organisations do not have their own satisfactory safeguarding arrangements they will be expected to comply with the club’s standards.

Referrals
If the club has safeguarding concerns in relation to an adult at risk or their carers, the club may refer these concerns to external agencies. External agencies include, but are not limited to adult social care, children’s social care, the police, health agencies, the FA and the Premier League (Appendices 1, 2 and 3).

Confidentiality
Every effort should be made to ensure that confidentiality of safeguarding cases is maintained for all concerned. Information should be handled and disseminated on a need to know basis only which would not normally include anyone other than the following:

- The Safeguarding Team;
- The adult at risk or the person raising the concern;
- The carer of the adult at risk who is alleged to have been abused, where appropriate;
- Local Authority and Police;
- Dependent on role, the National Governing Body.

Employees, workers, consultants, agency staff and volunteers may have access to confidential information about adults at risk in order to undertake their responsibilities. In some circumstances, employees, workers, consultants, agency staff or volunteers may be given highly sensitive or private information. Confidential or personal information about an adult at risk should not be used for their own or others advantage.

Confidential information about an adult at risk should never be used casually in conversation, or shared with anyone other than on a need to know basis. In circumstances where the adult at risk’s identity does not need to be disclosed, the information should be handled anonymously.

There are some circumstances in which an employee, worker, consultant, agency staff or volunteers may be expected to share information about an adult at risk, for example when abuse is alleged or suspected. In such cases, employees, workers, consultants, agency staff and volunteers have a duty to pass information on without delay, but only to those with designated safeguarding responsibilities (DSO and Safeguarding Team).

If an employee, worker, consultant, agency staff or volunteer is in any doubt about whether to share information or keep it confidential, guidance should be sought from the club’s Safeguarding or Legal Team. The storing and processing of personal information about adults at risk is governed by the Data Protection Act 1998.

Information sharing
The club abides by the 7 guiding principles as set out by HM Government on sharing information:

1. The Data Protection Act 1998 and human rights laws are not barriers to justified information sharing, but provide a framework to ensure that personal information about an adult at risk is shared appropriately;

2. Openness and honesty with the adult at risk (and/or their carer/family where appropriate) from the outset about why, what, how and with whom information will, or could be shared, and seek agreement, unless it is unsafe or inappropriate to do so;
Safeguarding Vulnerable Adults
Policy & Procedures

3. Advice is sought from the club’s Safeguarding and/ or Legal Team if there is any doubt about sharing the information concerned, without disclosing the identity of the adult at risk where possible; 
4. Information is shared with informed consent where appropriate and, where possible, there is respect for the wishes of those who do not consent to share confidential information. Information will still be shared without consent if, in the club’s judgement, there is good reason to do so, such as where safety may be at risk. Judgement will be based on the facts of the case; 
5. Safety and well-being of the adult at risk is always considered; 
6. Information is only shared when it is necessary, proportionate, relevant, adequate, accurate, timely and secure to do so; 
7. Records of the club’s decision to share information in relation to any reported concerns, with whom and the reasons are always recorded on the Safeguarding Concern Form (Appendix 8).

The club will share information with the relevant statutory agencies, the Premier League and FA where appropriate in relation to safeguarding cases.

Review
The club shall review this Policy and Procedures at the end of every season or whenever there is a change in legislation, guidance, governing body rules or learning from safeguarding cases.
Consent
The first priority in safeguarding should always be to ensure the safety and welfare of the adult at risk. If concerns arise consent must be obtained from the adult at risk concerned before a referral is made to Local Authority Safeguarding Adults Team or the Police. If the adult at risk refuses to give consent, the employee, worker, consultant, agency staff or volunteer should seek advice and support from their DSO or the club’s Safeguarding Team. Information should not be given to carers or other adults involved without the consent of the adult at risk. There are a number of circumstances whereby an external referral can be made without consent and these include:

- The adult lacks the mental capacity to make that decision – this must be properly explored and recorded in line with the Mental Capacity Act (see Appendix 9);
- Emergency or life-threatening situations may warrant the sharing of relevant information with the emergency services without consent;
- Other people are, or may be, at risk, including children and young people;
- Sharing the information could prevent a serious crime;
- A serious crime has been committed;
- The risk is unreasonably high and meets the criteria for a multi-agency risk assessment conference referral;
- Employees, workers, consultants, agency staff and volunteers are implicated;
- There is a court order or other legal authority for taking action;

Responding to disclosures and concerns
It is not the responsibility of anyone within the club to decide whether or not abuse has taken place. However there is a responsibility to act on any concerns. The club assures all employees, casual workers, agency staff, consultants or volunteers that it will fully support and protect anyone, who in good faith reports his or her concern that a colleague or another is, or may be, abusing an adult at risk.

If an adult at risk informs you directly that they are concerned about another person’s behaviour towards him/her, this is known as a disclosure. In this situation the following steps should be taken:

- Take the adult at risk to a safe and quiet place;
- React calmly so as not to frighten the adult at risk;
- Tell the adult at risk that he or she is not to blame and that he or she was right to tell you;
- Take what the adult at risk says seriously and do not be judgemental;
- If emergency medical treatment is needed, telephone for an ambulance;
- Avoid leading the adult at risk in discussion and keep any questions to the absolute minimum. Ask only what is necessary to ensure a clear understanding of what has been said;
- Reassure the adult at risk but do not make promises of confidentiality or outcome;
- No contact should be made with the alleged abuser, particularly if this is another adult at risk or the carer of the alleged victim;
- Do not commence an investigation into the incident;
- Refer the concern to the Safeguarding Team immediately;
- Make a record using the club’s Safeguarding Concern Form

For a flowchart of the process to follow, please see Appendices

Preserving the evidence
Your first concern is the safety and welfare of the adult at risk. However, your efforts to preserve evidence may be vital. In all cases the preservation of evidence is crucial especially if any police investigation is required to be effective. What you do or do not do in the time whilst you are waiting for the police to arrive may make all the difference. Below are some helpful points:

In situations of physical and/or sexual assault:

- In physical abuse cases, where an adult at risk wishes to show you an injury, only observe what he/she consented to show you and what is appropriate;
- Do not touch what you do not have to. Wherever possible leave things as they are. Do not clean up, do not wash anything or in any way remove fibres, blood etc. If you do have to handle anything at the scene keep this to a minimum;
Safeguarding Vulnerable Adults
Policy & Procedures

- Do not touch any weapons unless they are handed directly to you. If this happens, keep handling to a minimum. Place the items/weapons in a clean dry place to hand to the police;
- Preserve anything that was used to comfort the abused adult at risk, for example a blanket;
- Secure the room. Do not allow anyone to enter unless strictly necessary to support you or the abused adult at risk and/or the alleged perpetrator, until the police arrive.

Prior to the arrival of the police and medical examination:
- Ensure that no one has physical contact with both the abused adult at risk and the alleged perpetrator as cross contamination can destroy evidence;
- Encourage the victim not to shower;
- Encourage the victim not to change clothing;
- Even when the adult at risk says they do not want police involvement, preserve items anyway as the adult at risk may change his/her mind later or you may be legally obliged to inform the police;
- Encourage the adult at risk not to eat or drink if there is a possibility that evidence may be obtained from the mouth.

Managing allegations against employees, workers, consultants, agency staff and Volunteers

Should a concern arise about an employee, worker, consultant, agency staff or volunteer's conduct in relation to an adult at risk, this should be reported to the club’s Safeguarding Team who will take such steps as considered necessary to ensure the safety of the adult at risk in question and any other person who may be at risk. The employee, worker, consultant, agency staff or volunteer raising the concern should complete the club’s Safeguarding Concern Form (Appendix 8). When managing an allegation against an employee, worker, consultant, agency staff or volunteer the Safeguarding Team will follow this process:
- The allegation will be referred to the Local Safeguarding Adults Team and/or the Police;
- The carers of the adult at risk will be contacted as soon as possible, if applicable, following advice from statutory agencies;
- Senior Management will be notified and if applicable the Premier League and the FA;
- If a member of the Safeguarding Team is the subject of an allegation, the report must be made to the Human Resources Director who will refer the allegation to the appropriate statutory agencies;
- If required, a full investigation and possible disciplinary action in accordance with the club’s Disciplinary Policy for employees will follow. Workers, consultants or agency workers may have their Agreements terminated.
- Referrals as appropriate will be made to the Disclosure and Barring Service (DBS)

For a flowchart of the process to follow, please see Appendix 3.

Managing concerns for an Adult at risk

Any concern relating to the abuse of an adult at risk by another adult at risk must be dealt with through this Policy and Procedures. Any such concern should be reported immediately to the DSO who will inform the Safeguarding Team.

Making a referral

All employees, workers, consultants, agency staff and volunteers should complete the club’s Safeguarding Concern Form (Appendix 8) after referring any case to the DSO and/or Safeguarding Team. The Safeguarding Team will contact the relevant Local Authority Safeguarding Adults Team completing their Referral Form and update the Safeguarding Concern Form for the club’s records.

What to do if an adult at risk is in danger of immediate harm

The first priority is to ensure the adult at risk is in a safe place away from the alleged perpetrator. Emergency services should be summoned whenever a situation is felt to be beyond the control of employees, casual workers, agency staff, consultants or volunteers. In addition employees, workers, consultants, agency staff and volunteers should have, readily available, all the contact numbers of the club’s Safeguarding Team, DSOs, colleagues, or other services which can assist in an emergency or urgent situation.

Report the matter to the Safeguarding Team and/or People Director at the earliest opportunity.

In the absence of the Safeguarding Team and/or People Director, contact the London Borough of Islington Adult Access and Advice Team (telephone 020 7527 2299) and/or the police on 101 for help and to ensure the correct procedure is followed.

### Safeguarding Concern Form

**Safeguarding Concern Form**

Please complete sections A-H of this form as fully as you can and as soon as possible after witnessing a safeguarding incident or if one has been reported to you. Where possible, you should always seek consent of the child, young person or adult at risk before sharing the information. If you are not sure whether you have consent please contact the Safeguarding Team using the details below. If there is concern raised about a club employee, worker, consultant, agency staff or volunteer you should not inform them that a safeguarding allegation has been made until you have sought advice from the Safeguarding Team. If a person has literacy issues or additional needs and is unable to complete this form, you can complete the form on their behalf but must disclose this in Section F. Please complete the form within 24 hours, complete in black ink and return to safeguarding@arsenal.co.uk.

**Section C: Acknowledgement**

*All the information recorded on the Safeguarding Concern Form is accurate to my knowledge:*

Signed

If completing on behalf of another person, please ensure they sign above, and you provide your name and contact details

**Section H: Body Map (if applicable)**

Record any physical injuries or marks you notice on the body map. Place a mark where the injury is and then a line out to written text describing the nature of any injury. Care should be given to state:

- specific location, e.g. right elbow
- description of the injury, e.g. colour of bruise, bleeding, scabbing etc.
- approximate size of the injury by relating to objects of a standardized size, such as British coins
- sign your name and date injury recorded.

Example: Open wound above right eyebrow which was bleeding. Approximately the size of a 10 p coin. John Doe, 01/01/2015.

---

Please return completed form to [safeguarding@arsenal.co.uk](mailto:safeguarding@arsenal.co.uk) within 24 hours of the concern being raised.

Mental Capacity

Generally, it is not for the club, employees, workers, consultants, agency staff or volunteers to make a decision about whether an adult at risk lacks mental capacity in relation to the concern in question, but it is useful to have an understanding of the notion of capacity explained below:

Definition

• The ability to make a decision at a particular time. The starting assumption must always be that an adult at risk has the capacity to make a decision, unless it can be established that an adult at risk lacks capacity.
• The term “lacks capacity” means an adult at risk who lacks capacity to make a particular decision or take a particular action for themselves at the time when the decision or action needs to be taken. This reflects the fact that some people may be unable to make some decisions for themselves, but will have capacity to make other decisions. For example the adult at risk may be able to make small decisions about everyday matters such as what to wear or what to eat but lack capacity to make more complex decisions about financial matters.
• It also reflects that an adult at risk who lacks capacity to make a decision at a certain time may be able to make that decision at a later date - this may be due to illness or accident.

Assessing Capacity

An adult at risk’s capacity must be assessed specifically in terms of his/her capacity to make a particular decision at the time it needs to be made. Anyone assessing another’s capacity to make a decision for the adult at risk should use the two-stage test of capacity:

Stage 1

Does the adult at risk have an impairment of the mind or brain, or is there some sort of disturbance affecting the way his/her mind or brain works? It does not matter whether the impairment/disturbance is temporary or permanent.

Stage 2

If so, does that impairment or disturbance mean that adult at risk is unable to make the decision in question at the time it needs to be made?

Assessing ability to make a decision

• Does the adult at risk have a general understanding of what decision he/she needs to make and why he/she adult at risk needs to make it?
• Does the adult at risk have a general understanding of the likely consequences of making, or not making, this decision?
• Is the adult at risk able to understand, retain, use and weigh up the information relevant to a decision?
• Can the adult at risk communicate his/her decision (by talking using sign language or any other means)? Would the services of a professional (such as a speech and language therapist) be helpful?

Assessing capacity to make more complex or serious decisions

In most instances a Doctor or Social Care professional will have assessed an adult at risk’s capacity. Where background information is provided from a partner agency or the adult at risk themselves, the information should be stored confidentially.

An Independent Mental Capacity Advocate (IMCA) should be appointed to assist an adult at risk who is judged to lack capacity and face serious decisions with no other person to be an advocate for the adult at risk.
The statutory principles

The Mental Capacity Act 2005 sets out five statutory principles.

1. An adult at risk must be assumed to have capacity unless it is established that he/she lacks capacity;
2. An adult at risk is not to be treated as unable to make a decision unless all practical steps to help him/her to do so have been taken without success;
3. An adult at risk is not to be treated as unable to make a decision merely because he/she makes an unwise decision;
4. An act done or decision made, for or on behalf of an adult at risk who lacks capacity must be done, or made, in his/her best interests; and
5. Before the act is done, or the decision is made, regard must be had as to whether the purpose for which it is needed can be as effectively achieved in a way that is less restrictive of the adult at risk’s rights and freedom of action.
