IAN WRIGHT DREAM BOOTS FOR 2120

Football boots have changed a lot since Ian Wright retired in 2000. But imagine how much boots, and football, will have changed in 100 years time! Design some futuristic football boots for the best players in the year 2120!

Think about how much football might have changed in 100 years.

Make sure your boots have kept up with the changes to football.

Use the **example** and the **Pro Tips** to help get some ideas.

You can design your boots on:

- Our **Plain Template**
- Your tablet or computer
- Plain paper

EXAMPLE:

THE 2120 WRIGHTY POWERBOOT

LED LIGHTS FOR COLOUR CHANGES

INSOLE RECOGNISES FOOT IN BOOT

STUDS CHANGE AUTOMATICALLY FOR DIFFERENT PLAYING SURFACES

STATS:

WEIGHT: 100g per boot

TOP SPEED: 45km/h

FUEL: Hydro-Biofuel 5600

PRO TIPS

IMAGINATIVE – Try to think how football might have changed in 100 years.

ADD DETAILS – Label and explain the features of your futuristic boots. Include stats, materials and facts.

FUN – It doesn't have to be realistic. The boots could help players fly or communicate with teammates!

SHARE YOUR FINISHED BOOT DESIGN ON TWITTER! Ask an adult to share a photo of your boot design using **#AFCHomeLearning**. We'll retweet our favourites!
